

"SWEETHEARTS" IS TOPIC OF REVIVAL MEETING SATURDAY

Many Turned Away From Service at United Brethren Church.

PITHY TALKS BY EVANGELIST

Rev. M. Lee Starke Addresses Largest Audience That Ever Filled the United Brethren Church; The Crowd Attends Regular Services.

In spite of it being Saturday night, a throng crowded the United Brethren Church to hear Evangelist Starke on "Who's Your Sweetheart?" Every inch of space in the church was crowded, chairs being placed in the aisles and on the pulpit. It is said this was the largest audience ever in the United Brethren Church. More than 200 were turned away.

Rev. Starke's sermon abounded in pithy epigrams, original, full of power and human interest. A few of his points follow:

"Some women have tongues so long that they can sit in the front parlor and tickle the back of the skull in the kitchen."

"It takes an expert to tell when a man is dead; but anybody can tell when a woman is dead. When she gets talking, she has gone to the land of pure delight."

"An old maid—a well preserved woman—was asked why she did not marry, and with a look that was enough to turn every drop of blood in my body into a cold, replied, 'Why should I want to get married? I have a monkey that smokes cigarettes, a pig that drinks with a parrot that swears, a dog that growls and an old toment that stays out all night. No, sir, will you please tell me why should I be bothered with a man?'"

"Speaking of fashions, he said: 'The devil in hell or in Paris sets the styles of our sisters, and a large number of them at the suggestion of his Satanic Majesty, dress in a manner to attract the attention of men. The devil makes some of them dress in a manner suggestive of evil. I believe there are 100,000 men in hell tonight; sent there because of the suggestive dressing on the part of women.'"

"God never bestowed a greater blessing on a man than when he gives him a good Christian wife and seven or eight children, and the devil never played a greater joke than when he gives him a little society wife and a pseudo dog."

"Thank God this old world has never seen a time when it did not take its hat off and make a decent bow to a good woman. Oh, for marriage that stands by a woman, that is the greatest boon on earth."

"A good wife is heaven's last and best gift to man."

"Young man, the best sweetheart for you is the girl who makes her mother her nearest rival. A girl who makes a good daughter will make a good wife."

The preacher gave a description of the home life and the church life and the best lover, and had the audience sing "Jesus, Lover of My Soul."

"Tonight Mr. Starke will preach on 'Sweethearts.' At the service for children yesterday afternoon, when he talked on 'Our Children,' 32 children went to the altar. Last night Rev. Starke preached a stirring sermon on 'The Old Ship Zion.' 'The Second Birth' was the morning subject. Sunday night the church was filled to capacity, many standing during the service. Ten were converted.

A song service under the direction of Lee H. Hunsberger began each evening from 7:30 to 8 o'clock. Miss Hilda Hildebrand and Mr. Hoover sang a duet at both morning and evening services yesterday. The Misses Detweiler of Pennsylvania rendered a duet Saturday night.

Thursday night will be West Penn night. The West Penn Quartet will be present and render several selections.

Prayer meetings will be held this week at the following homes at 7:30 o'clock in the afternoon: Tuesday, John Stacey, South Connelville; North and Central district, Wednesday, home of Mrs. Carrie Bales, Cottage avenue; Thursday, joint prayer meeting and Ladies Aid Society, home of Mrs. J. L. Thomas, Spruance street; C. A. O'Neil, South Connelville.

UNITED PRESBYTERIAN REVIVAL CONTINUES

The evangelistic meetings of the United Presbyterian Church will continue this week. Three on Saturday night and six on Sabbath night confessed Christ, making a total of fifty.

CHILD GETS SICK, CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" Can't Harm Tender Stomach or Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, head doesn't out heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation (colic, sour life and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeiters! The syrup. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups. It is printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.

MINISTER BOOSTS "MOVIES" ARE IMPROVING IN MERIT

Rev. Champ Clark Buckner Delivers a "Timely Sermon on the 'Movies' and Morals."

In the third of a series of "Timely Talks" at the Christian Church last night, Rev. C. C. Buckner took occasion to note the improvement of the character of moving pictures in Connelville in the last six months. In discussing "Movies and Morals," while in Chicago, before coming here, Rev. Buckner made a study of motion pictures and their effect on morals.

There are 2,500,000,000 people attending motion pictures shows in the United States every day. Rev. Buckner declared, and of these 500,000 are children. The effect of movies, in view of these tremendous figures, must be reckoned with, and steps taken toward the entire elimination of melodrama and wild west subjects on the screen. Educational subjects such as the news, the war and the Revolution in films and others were commended.

Rev. Buckner advocated the adoption of moving pictures in the public schools, as 80 per cent of the information one gets comes through the "eye-gate."

WHAT CATARRH IS

It has been said that every third person is troubled with catarrh in some form. Science has shown that nasal catarrh indicates a weakened condition of the body; that the secretion of the mucous membranes are quickly affected, and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-ford in Scott's Emulsion which is a medicinal food and a building drug. Try it, free from alcohol or any harmful drugs. Try it.

THE FULL CREW BILL.

The agitation for the repeal of the Full Crew law has been thoroughly and is now nearly completed. A resolution has been introduced in the Legislature and there remains only the formal arguments for and against it in the committees and the houses. The railroad companies have discussed their side of the question frankly by advertisements in the public newspapers. They have declared that they would seek the repeal of this law by appealing to the fairness of the people, and there is no reason to think that they have in any manner departed from their policy of publicity notwithstanding a single and very sensational attempt to intimidate bribery.

The purpose of the Full Crew law as set forth in its title is "to promote the safety of travelers and employees upon railroads by compelling common carriers to properly man their trains." This purpose is rather arbitrarily served by requiring the employment of an extra man on every train whether he is required by the demands of safety and efficiency or not.

Goodroad managers claim that the extra brakeman merely rides in the caboose with the other trainmen, and sarcastically suggest that the law should be called the Full Caboose Law. They point out that all trains are now equipped with airbrakes and automatic couplers, and the trolley with automatic signals and interlocking switches, so that the man on the engine does most of the work formerly done by the brakeman, and in consequence the extra brakeman imposed by the Full Crew bill is about as much account as a fifth wheel to a wagon. They admit that "the laborer is worthy of his hire," but they insist that for the hire there should be a very good reason.

They further complain with much reason that the law was enacted when it was popular to ride the corporation, and they point out that similar laws have been repealed, notably in Missouri, where the Full Crew law was voted down by the people under a referendum.

They declare that the law is costing the railroads of Pennsylvania \$1,500,000 annually without any return whatever. The engineers, when they observe, must be forced on the ships and consumers in the shape of advanced rates or stand as a serious impairment of the railroad purchasing power and dividend distribution, both of which are serious factors in making up the public protest. Taxes like these, they say, are in violation of economic and can only be likened unto the unwise policy of the person who killed the goose that laid the golden eggs.

In conclusion the railroad managers assert that there is no valid excuse for the existence of the law except the fact of it. It utterly fails to serve its avowed purpose, namely, that of promoting safety in railroad operation. Statistics are produced to prove that notwithstanding the law and the extra man it provides railway accidents have increased instead of diminished. The trainmen oppose the repeal of the law on the ground that it is necessary to the safety of the trainmen and the public and in line with the rules of safety first which the railroad managers have been insisting on for their employees during the past couple of years.

It is generally conceded that the railroads have the better of the argument. The Courier opposed the Full Crew bill when it was up for passage two years ago on the ground that it would have no effect in its matter which was plainly an attempt to force the law on the employer and the employee. We still hold to this opinion.

It is now being conceded that there has been too much government regulation of business. The country has been deluged by it. The Congress and the Legislature will do well to let the industries of the country regulate their own affairs. With some notable exceptions, chiefly in the mining industry, they have lately been doing so with mutual satisfaction, due to a striking change in the labor policy of the larger corporations, especially the public service corporations. Instead of trying to keep wages down, they now try to keep them up.

The bill repealing the Full Crew law in Pennsylvania is in the nature of a compromise. It is proposed to put the question in the hands of the People's Convention, which upon complaint may require any railroad "to employ a sufficient and adequate number of men upon any of its trains." Common sense, however, would seem to assure us that the railroads will always employ a sufficient number of men on their trains to insure safety and efficiency. Inasmuch as such a policy is demanded by ordinary business prudence.

A DEMOCRATIC PLAINT.

The Connelville News, a published, and virtuous, waves indignation over the news that the Denver Republican machine has marked for slaughter Judge Ben Lindsey, the juvenile court jurist.

The News perhaps is unduly alarmed. Those who have followed the line of course of Ben Ben will recall that he is usually asked for slaughter when he is a candidate at least that is what he always springs upon the defenseless public. It is an appeal for support in the knowledge of the public of the political situation. The News compares the plight of Ben Ben with the Fayette county Republicans who aspire to office without the favor of the Republican organization.

It will become our Democratic competitors to elect the Republican party for its conduct of its campaign. It is of the fact that within the past year it assumed the responsibility of leading out of the Democratic party "the Evans, the Thompsons and the Housers" all because Mr. Housers, a Republican, had the temerity to aspire to the Democratic nomination.

tion for Governor, which had been awarded to Vance, McCormick of Maryland by the Hartford Syndicate then in control of the Democratic machine.

It will be remembered that the people ruled the primaries and later the elections. No matter how many candidates are favored by machine leaders and boss methods in the final analysis every nominee has the endorsement of the individual members of his party at the primary.

It is about time to drop the boss machine. Under the primary system a boss is a boss just as long as the people are willing that he should be, and no longer. The people have the power. The people rule. In the last election they ruled the Democrats out as far as it was possible for them to do so at that time. They will complete the job in 1916.

We do not know whether they then are marked for slaughter or not, but if they were running on the Democratic ticket in this neck of the woods there wouldn't be any doubt about it.

The West Virginia authorities have started to purify the streams of the state from all manner of pollution, and the coal mining industry is called upon to drain its sulphur water somewhere else than in the streams. This water has not been seriously polluted in Pennsylvania, because it has been regarded as being the first duty of the state to free the waters from sewage.

The Buckhannon & Northern, the best advertised railroad in West Virginia, has done the least business. Nevertheless advertising pays.

May's Marietta wants it understood that "City Hall boarders will positively not be permitted to throw a fit every time they register. Guests who insist upon this extra performance will be invited to board at the county jail with the delinquents and degenerates."

By-product coke plant rumors are numerous since the benzol process has been established. None of them are located in the Connelville region, but many of them contemplate the use of Connelville coal.

Coke ashes are no longer a waste product of Connelville coking.

West Virginia has become sober, vegetarian and altogether reformed. It cannot get whisky, beer, dope or fat cattle. If it could now clear out some of its undesirable population, its regeneration would be complete.

The Fayette county lawyers voted themselves a vacation this week and the court approved their action.

Our alien citizenship law conceived as it is, continues for going to court, and the extends to the far east sea, yet we are not able to handle it.

NEUTRALITY

By GEORGE FITCH,
Author of "At Good Old Slaves."

Neutrality is the process of making two or more belligerents and by trying to please all sides. It is a more thoughtful look than that of telling divorceable things for the belligerent's own good. After a nation has remained inflexibly neutral for a few months, it has fewer friends than the man who tries to conciliate the warring parties in January.

War is a terrible thing, causing the nations indulging therein to shoot ships without regard to other unimportant things. There are fewer enemies in a modern war than there are in an old-fashioned one. Germany is also under the influence of the threat it is very hard for a friend of both to be as violently neutral as each demands.

Sentimentality is a belligerent, complete of seeking the other fighter below the belt in order to make him observe the rules.

The new bill of our State Department has been troubled in the last six months, while our statesmen have tried to figure out an ingenious and reinforced compromise. As a result, the only firm friend at present is Belgium.

The trouble is that rules of neutrality are being revised too rapidly. They are also being revised by the wrong crowd. A nation which is fighting twenty-four hours a day is not in a position to throw a hand of cold, calm, unfeeling neutrality. We are breaking England's neutrality rules by not joining in the row over Belgium and we are violating Germany's idea of international honor by allowing a few irregular holes in the belt while discussing the blockade.

It is now only courtesy insisted on making it even more satisfactory. They would very much like to see the wrong side of the law and to see the wrong side of the law. They would very much like to see the wrong side of the law and to see the wrong side of the law.

Women of New Jersey and Pennsylvania

Imagination balks at the magnitude of \$2,000,000. Only when it is translated into terms of purchasing power does it become comprehensible.

Two million dollars, for example, will support more than 2000 families of moderate income for a year.

Two million dollars will buy more than 200,000 barrels of flour, more than 50,000 sewing machines or 80,000 suits. It will give work for an entire year to 2000 men and women engaged in various productive industries and other occupations that add to the common welfare of the people in all walks of life.

It is \$2,000,000 a year that the Full Crew—"excess man crew"—Laws compel the railroads of your States to pay in unearned wages. These laws deprive you of improvements for safety and comfort in travel that this money, now used unproductively, would provide.

How much longer in these times when economy is a universal necessity are you willing to endure this tremendous waste? In the end the cost bears upon you, either in increased rates or decreased service.

Will you use your influence in urging that the people's elected Representatives at Trenton and Harrisburg work and vote for repeal of the Full Crew Laws and place control of the proper manning of trains in the hands of the Public Service Commissioners?

Foot Fittings Shoe Bargains Union Supply Company

There is a great opportunity awaiting people in the vicinity of the Union Supply Company stores to buy now their Spring footwear. All the new goods are in and they are very attractive. They are not only attractive, but they are good wearing, good fitting and well made. We can make any fellow or girl appear as though they had pretty feet if they wear Union Supply Company's shoes. The recent clearance sales which you all remember so well, cleaned up our stocks, and we have nothing left to offer but good, new desirable stock. There are very natty things for the women and misses that want that kind. There is good, old solid comfort; broad sole, broad toe; low heel kind for the women who want them. Same class for the misses and children. For the well dressed, stylish young man we have the real new shapes. We have the solid comfort kind too for men, with broad heavy sole, broad toe, low heel. Then for the working shoes; they are the most important of all, and we feel we have the best shoes now in that line we ever had. They are made especially for us on our own specifications. We guarantee every pair to be good; we guarantee them to give good service, and if they are not entirely satisfactory your money will be refunded. A Union Supply Company shoe department is the place you want to go.

IN FIVE MINUTES NO SICK STOMACH, GAS, INDIGESTION

"Pay-o's Diapopsin" is the
Quickest and Surest Stomach
Relief.

If what you just ate is souring on your stomach or has like a lump of lead, refusing to digest, or you have gas and eructate sour, undigested food or have a feeling of distention, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pay-o's Diapopsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, soon, out-of-order stomachs or indigestion in five minutes. "Pay-o's Diapopsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pay-o's Diapopsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Adv.

"Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vapo-Oil" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c. to \$1.00.

STEVENS PLANS A TRAINING CAMP FOR AMBITIOUS BOXERS

Will Fit Up Basketball Hall
Into a Modern Gym-
nasium.

GOOD BILL—CARDED MARCH 30

Joe Chip Will Clash With Ray Kaiser
Boxing Promoter Believes There Is
Good Material in the Coke Region
That Can Be Developed With Ease.

Manager Jack Stevens of the Connellsville Athletic Club, plans to transform the West Side basketball hall into a regulation gymnasium for the training of boxers and wrestlers. He already has a boxing ring installed, but he will have other training apparatus put in, so that any local boys who have aspirations in that line may get a tryout and train under the direction of Stevens, who knows the game from top to bottom.

Stevens believes that there ought to be much material throughout the coke region and if there is, he could establish a camp here, something like that of Jimmy Dime at New Castle. Dime has the Chip brothers, George and Joe, under his wing, as well as a number of other good boys. Joe Chip is to fight with Ray Kaiser here on Tuesday, March 30.

The Chips are such high class attractions that it is only through Stevens' influence with their manager, Jimmy Dime, that Joe was secured for a bout here. It is a certainty that coke region fists have never had a chance to see such class boys before.

In addition to the windup between Chip and Kaiser, there will be two other six round bouts with good boys. Joe J. of Mount Brookwood may be given a chance to show what he can do against Ted Buttmore, and Buck Pike, of Uniontown, who has a big following, may get a chance to do on.

JACOBS CURE.

JACOBS' CURE, March 20.—William W. Jacobs was visiting at Pittsburg, Pa. He had been a caller at West Newton yesterday.

A prayer meeting was held at the home of Mr. and Mrs. James Malone Friday night, and one at the home of Mr. and Mrs. Lawrence Patterson on Saturday night.

H. B. Porter of Greensburg is visiting his family here.

Dr. J. W. Ferguson was a business caller at White.

A dance will be held in Stanton's hall by Tom's Paterline March 27.

With the Aid of a Hall-Borchert Adjustable Dress Form Your Home Dress Making Will Be Successful

With this form you can reproduce your figure accurately—even to a drooping shoulder or enlarged hip. The fit and style of the garment will be RIGHT. Dressmaking will be easy to accomplish, and without the fatigue of being fitted. You can't make a mistake with the vital things simplified—trimming, draping, hanging and all the other hard problems. With a duplicate of your own figure before you, to work over, pin to and drape; to push and pull about—you can't help but make a success of home dressmaking.

Demonstration, today, of Hall-Borchert Dress Forms;
and special low prices on the forms exhibited.

The Clubmen of America are Enthusiastic "Bull" Durham Smokers

No body of men has greater opportunities for wide experience, comparison and selection. They have the means to command and the trained taste to appreciate the best of everything in life.

In the cigarettes they make for themselves, to their individual liking, from "Bull" Durham tobacco, these men find the delicious freshness, incomparable mildness and unique fragrance, that afford supreme enjoyment and satisfaction. At all times and occasions it is correct, fashionable, epicurean to "Roll Your Own."

GENUINE "BULL" DURHAM SMOKING TOBACCO

Made from the finest, mellow-ripe leaf grown in the famous "bright" tobacco district of Virginia-North Carolina, that supplies the world with cigarette tobacco. Much of the delicate flavor and fragrance of this leaf escapes from the ready-made cigarette. These rare qualities can only be retained in the bulk of tobacco in the "Bull" Durham sack, and enjoyed in the fresh-rolled "Bull" Durham cigarette.

FREE An illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in United States on postal request. Address "Bull" Durham, Durham, N. C.
